

- * Use "Learning Glass" technology available through Media and Academic Technology Services (MATS) to provide several videos of instructor solving the more algebra and calculus intensive problems in microeconomics. These videos will be posted online to complement in-person instruction. The program

east: 337 am L&M 2016; the current EC 96, 300 and 301" instead of "the program is the program" 5-minute videos
