- III. ACTION ITEM - **Approval of the Agenda**
Motion to approve the agenda of July 3, 2023, by **C. Aguilera**

I believe are two important positions VP of University of Affairs can work on. I believe Erick would be a strong candidate for the VP of University of Affairs.

K. Sheshadri states he was at the interview of both candidates. Prasanna chairs the Election Committee previously, so he knows how ASI operates and is aware of Robert's Rule. They are both strong candidates for this role. Seeing how Prasanna works, previously I was a web designer, and he updated the agenda on time when I was working with him. Basis from that experience, I'm leaning towards Prasanna.

C. Aguilera states I only had the chance to interview Eric. I believe he was a strong candidate. His interview was good, he seemed prepared, and ready for the questions that we have for him. I believe some strengths Erick has been emphasizing is how he wants to implement policies that's going to benefit students such as financial aid, Title IX, campus safety, and campus environment. He was our previous mentee last year, worked with the board closely, plan events, advertise events, and worked closely with the previous president. This gave him experience that he could use for this position so, I believe Erick is a strong candidate. I'm leaning toward Erick as our next VP of University of Affairs.

N. Calara asks does Martine or James have additional comments?

J. Carroll states no, it's more of having the discussion and the terms of recommendation you all have as a group.

C. Aguilera states I would like to recommend Erick.

N. Calara

J. Carrol states I hope you all get to enjoy the additional semi-weekend tomorrow. I want to praise
