1. Critical Thinking – Analyze and use evidence-based research and technology to identify challenges and generate effective, sustainable solutions related to personnel, program and logistics areas; and provide relevant references.
2. Leadership – Demonstrate significant knowledge of exemplary leadership, and teamwork strategies; innovative and effective management skills; and evaluation of service quality and consumer needs through professional experience.
3. Professional Knowledge – Articulate clearly (speak and write) the ethical, theoretical, philosophical, and current management practices and administrative foundations of the profession.
4. Social Justice – Develop a systems approach to create a culture of dignity and respect among individuals, communities, and organizations.
