### Guidelines for Completing Program Curriculum Map

**Curriculum map:** A curriculum map is graphic illustration (typically a table or matrix) that shows where learning outcomes are fostered in a program. It is developed by program faculty to chart the relationship between the program outcomes (PLOs) and what is taught in the core required courses. It focuses attention on how what is being taught relates to stated outcomes and helps faculty create a program assessment plan that provides information of the attainment of learning outcomes at both the program and course level.

The curriculum mapping process helps determine any gaps or unintended repetitions by charting what is planned and what is actually occurring in individual courses and across the program as well as determine whether the program is ad

|-------------------|--|
| 4. Sustainability | Sustainability, Social Responsibility  |
| 5. Collaboration  | Collaboration and Teamwork, Leadership |

**PLOs:** Write out (or summarize) each program learning outcome.

**Course number, name:** Provide a course number and name for all **required** courses.

**R:** Indicate if course required (**R**)

**I/D/M:** Indicate in which course(s) each PLO is **I** introduced, **D** developed, or **M** mastered in all required courses. In addition, indicate where each PLO will be **(A)** Assessed for mastery. All required courses must align with at least one PLO, and all PLOs must align with

- Are the courses where mastery is assessed have an associated assessment measure that will allow programs to know if students have achieved that proficiency?
