Ethnic Studies 1810 American Indian Science- New

Some committee members raised concerns about the use of “American Indian” in the course title and description. Since no department representative was at the meeting to address the concerns, the committee motioned to table the discussion and decision till the June 2 meeting. Associate Dean Guo will inform the department so as to ensure an Ethnic Studies representative to be present at the meeting to address the concerns.

Motion to postpone review until the June 2 meeting: DK
