CCNE-ACCREDITATION

Dear Dr. Van Hofwegen:

On behalf of the Commission on Collegiate Nursing Education (CCNE), I am pleased to advise you that the CCNE Board of Commissioners acted at its meeting on September 20-22, 2016, to grant accreditation to the baccalaureate degree program in nursing at California State University, East Bay for 10 years, extending to December 31, 2026.

The accreditation is for a 10-year period. You should plan for the next on-site

At its meeting, the Board determined that the program met all four accreditation standards. The Board additionally determined that there are no compliance concerns with respect to the key elements.

As is required for all accredited programs, a Continuous Improvement Progress Report (CIPR) must be submitted at the mid-point of the accreditation term. Please note that the CIPR needs to address the CIPR standards and demonstrate the program's compliance with the CCNE standards and key elements that are in effect at the time of its submission. As a courtesy, CCNE will send a reminder letter to the chief nurse administrator approximately five months prior to the CIPR submission deadline, informing the preparation of the report. The deadline for submitting the CIPR to CCNE is December 31, 2021. The Report Review Committee, and then the Board of Commissioners, will review the CIPR. For more information about CIPRs and the report review process, please refer to the CCNE procedures.

A copy of the accreditation team report that was sent to you earlier, along with the program's response to it, is being transmitted to the institution's chief executive officer as CCNE's official report to California State University, East Bay. We hope that both the results of the self-study process and the team report will be useful to the continued growth and development of the nursing program. A certificate of accreditation is enclosed.

In accordance with CCNE policy, if a program or institution elects to make a public disclosure of a program's accreditation status with CCNE, the program or institution must disclose that status accurately. The program or institution disclosing the information must identify the nursing program and its affiliation with CCNE. This statement must include either the accrediting agency's full name, address, and telephone number or the accrediting agency's full name and address of the website home page, which identifies CCNE's address and telephone number. For more information on CCNE's disclosure policy and to access the statements that CCNE has issued, please visit <http://www.aacn.nche.edu/ccne-accréditation/seal-policy/baccalaureate-graduate>. Please ensure that the institution's website and other materials are updated to reflect this language, as appropriate.

As a reminder, programs are expected to continue to comply with the current CCNE

standards and procedures. This includes advising CCNE in the event of a

resources/baccalaureate-graduate. This includes advising CCNE in the event of a
substantive change affecting the nursing program. Substantive change notifications
must be submitted to CCNE no earlier than 70 days prior to implementation of
occurrence of the change. These reporting requirements are discussed further in the
CCNE procedures.

Thank you for your participation in the CCNE accreditation process. The Commissioners
join me in expressing our very best wishes as you continue to promote excellence in
nursing education.

Sincerely,

Susan D. Ruppert, PhD, FNP-C, FAANP, FAAN
Chair, Board of Commissioners
